NEW AIR RAID SHELTER FOR 1.200 PERSONS

Dr. David Anderson, eminent engineer in a lecture to the Institution of Civil Engineers, disclosed that heavily protected air raid shelters to accommodate 1,200 persons and capable of resisting a direct hit of a 500 lb, high explosive bomb, had been designed by the panel of experts formed by the Institution at the request of the Home Office.

In a shelter to accommodate 1,200 persons the entrances had been arranged to provide for occupation within one and a quarter minutes. The cost estimates of the approved designs for such shelters were about £71 per person.—(BWS).

Senior Games Go As Expected With Close Results Seen

The defeat of the Hongkong Football Club at the hands of the Yacht Club in the Third Division provided the only upset in the League matches decided last Saturday—the results in the other matches being more or less expected. Your dentist took your bad, unhealthy teeth out and gave you false teeth. Do not neglect them. Dirty, stained false teeth 'may become the breeding ground for many kinds of germs. Brushing won't kill those germs. Use 'STERADENT' powder recommended by over 10,000 dentists as an excellent cleanser and germ-killer for false teeth...

Add a little 'STERADENT' powder to warm water, stir well and leave your teeth in it for 20 minutes

while you dress or overnight. In the morning, rinse them. They will be clean, germ-iree and spotless.

'STERADENT' removes stains, even when they are years old. Even blackest tobacco stains will completely disappear after a few treatments. It is guaranteed to give complete satisfaction and cannot harm your false teeth. Try it to-night.

"ALIEN" BRITISH WOMEN

An old grievance that specially demands redress in the present state of Europe was raised by the National Women Citizens' Association recently.

It is that of the British woman who, by reason of her marriage to a foreigner, finds herself deprived of British litizenship and all the rights that go with it. She has suffered this disability only since 1870, and there has been more or less continuous agitation for its removal ever since.

It deprives her right to vote and of any form of State pension, and it may render her liable to police supervision as an alien. These are indignities enough in her own country.

Protection

If she travels sne is entirely without the protection that British nationality would give her. If, as may often happen in these days she marries a refugee who has lost his own citizenship she may find herself entirely Stateless.

Such marriages are often contracted without knowledge of the hardship they will entail. There ought to be no hardship. Lord Alness last year introduced a Bill that would enable British women who marry foreigners to retain appointed Architect in the their nationality if they choose and those who have lost it by this according to the latest means to regain it.

The Government made familiar reply that the Dominions must be brought into line. Some are already known to favour the measure. With a lead from this country the rest could hardly refrain from following

VOLUNTEER FORCE ORDERED TO MOBILIZATION IN TIENTSIN: UNABATED AGITATION ANTI-BRITISH

H.M.S. LOWESTOFT CANCELS HER DEPARTURE: ACUTE FOOD SHORTAGE

TIENTSIN, JUNE 21 (REUTER)—THE VOLUNTEER FORCE IN THE BRITISH CONCESSION HAS BEEN ORDERED TO STAND BY FOR IMMEDIATE MOBILIZA-TION.

There are now two British warships here—H.M.S. Sandpiper arrived yesterday. afternoon and later H.M.S. Lowestoft, which was due to leave to-morrow, cancelled her departure.

A British motor lorry, escorted by a detachment of the Durham Light Infantry, brought a large quantity of vegetables into the Concession.

BRITISH LORRY RUNS BLOCKADE

This was the first British effort to defeat the restrictions against the entry of foodstuffs. The Japanese sentries allowed the lorry to pass the barricades without molestation, but the reports that seven lorries ran the blockade yesterday are untrue.

AGITATION FANNED BY JAPANESE

The anti-British agitation fanned by the Japanese continues unabated and Chinese hotel keepers have issued notices calling for the surrender of the British Concession and offering accommodation at half rates to all Chinese who have left the Concession.

MILK SUPPLIES STOPPED

The food shortage remains acute despite to-day's excursion and supplies of milk have now been completely stopped by the Japanese. The Concession is also short of coal.

The slight relaxation in the restrictions at the Japanese barriers was noted last evening, presumably on account of the Chinese Dragon Boat festival to-day, but Britons have declined to hail the move as a sign that the blockade is being definitely alleviated.

AMERICA'S INTEREST PARIS, June 21 (Reuter)-

America's interest in Tientsin is represented in sections of the press as much greater than generally reported.

"Figaro" says that the United States is following the position much more closely than it would appear asking how could she forget that England sacrificed her alliance with Japan after the War through respect for her friendship towards the Americans.

The market opened with prices unchanged for all deliveries as ompared with Monday's closing rates.

In accordance with advices received from London and New York he market ruled steadier early in the morning due to fair enquiries or "spot" Rubber by consuming centres. But dealers and speculaors kept aloof, preferring to await further developments in London and New York. 👝

Subsequently the market became dull and featureless, prices renaining unchanged.

The market continues to be dominated by international political uncertainties, and favourable factors, such as slowly, improving ousiness recovery, particularly in U.S.A., as evidenced by a fair increase in Steel-mill activity for last week, seem to be ignored at the moment.

NEW YORK COTTON

An early easy appearance was displayed by the market with initial prices slightly marked down. There was some new speculative buying, but was not sufficient to absorb some foreign selling and hedging. Due to this, prices receded further, but recovered slightly towards the close. Fears that the export subsidy programme would be shelved by the Administration had an adverse effect on the market.

NEW YORK RUBBER

An initial buoyancy was again displayed by the market to-day. Prices advanced in sympathy with the steadiness of the London market, and were maintained at the day's best levels.

CHICAGO WHEAT

Slightly steadier conditions prevailed in to-day's market, which was still inclined to be narrow. Some speculative buying on the reaction theory was noted. To-day's, Change close '.
